BEET CROP LIGHTER BUT FINE IN QUALITY

for Season's Run on September 10.

Special to The Tribune.

OGDEN, Aug. 20.—Although the beet crop to be harvested in Weber county this season will not be as large as that of the past few years, the recent analyses and tests made by chemists of the Amalgamated Sugar company from beet samples taken from different sections of the county show that the crop will be just as fully charged with the sugar-making qualities as that of former years.

The shortage of the crop is partially due to the differences which arose when David Eccles and the other officials of the sugar company refused to increase the price per ton, which resulted in some of the farmers pledging themselves to grow no beets. The season has not been favorable to the growing of beets and this has something to do with the short acreage.

The machinery at the factory has been overhauled and thoroughly olied, and will be in readiness to handle the first load of beets brought to the factory.

SAY GAMBLING RAID WAS NEVER SINCERE FINE PROGRAMME FOR

Amalgamated Factory Will Open Mayor Glasmann Charged With Playing to Galleries in Spectacular Crusade.

> OGDEN Aug. 20.—Heber Scowcroft of the Ogden Betterment league appeared before the city council tonight and said that the spectacular raid on the gambling houses a few weeks ago was instituted by Mayor Glassman. He said, however, that gambling is still going on. and asked that the council instruct the police to enforce the law to the letter.

cll agreed with Mr. Scoweroft, saying that open gambling was going on now shame, and he said that it was nonsense to talk about not being able to enforce the law citing as an example that former Mayor A. L. Brewer closed the gambling houses up tight before going out of

office.
Councilman Dana declared that Mayor Brewer had closed about two months before election, and suggested that it was a political move.

After considerable discussion, in which other members of the council took part, the petition from the Betterment league was read and a resolution was unanimously adopted directing Chief of Police Browning to enforce to the letter the law against gambling. There was some question about the authority of the chief of police to do this, as under the present statutes gambling is counted a misdemeanor and the law does not allow the breaking down of a door in such cases, but after the action of the council it is now up to the chief of police to suppress gambling in Ogden.

Mr. Scowcroft declared that the spectacular raid was not sincere, because the gambling still continued in spite of the fact that there were several cases before the courts now.

Another petition was received from the Betterment league, which was signed by President C. C. Richards and Secretary Lohe S. Bluth, asking the coupil to re-

ton avenue between Twenty-second street and the river bridge. His bid was \$47,551,66 for the paving and \$9914,26 for laving the three intersections on Washington avenue. All this work is included in paving district No. 108. The recorder was instructed to direct Moran to begin now, before cold weather sets in. The contract is to be completed within ninety days.

The contract for the curbing and guttering in the same district was awarded to the J.P. O'Nell Construction company, which was the lowest bidder, its bid being \$1759. This company also submitted the only bid for the relaying of the water drains in the City cemetery, which have been clogged recently, causing the graves to be flooded. This was referred to the city engineer and the

A petition from the Salt Lake & Ogden Railway company, asking the city to allow the poles of the Utah Light & Railway company to remain in the center of Lincoln avenue, between Twenty-fourth and Twenty-fifth streets, temporarily, was refused by the council.
